FIT OUT

Design and installation services for
Office and Retail fitout works.

J&C Architectural provides design and installation services for Office and Retail fitout works to different specifications to meet the clients needs, whether that be basic finishes or high level material grades.free estimate for your project.

We offer services such as downtaking old installations (ceilings, partitions, flooring, making safe electrics, fire alarm & sprinklers), installation of new partitions, ceilings, flooring, cabinetry, lighting, HVAC, Fire Alarm and if required furnishings. We provide fit out for communal areas such as hallways, lift lobbies, communal bathrooms, etc.
